board vessels belonging to the Royal Navy were returned through the Admiralty, and are also included. A statement showing the parishes under which the persons on board vessels are returned will be found at page 32.

The Areas, supplied by Major Dawson, R.E., are obtained from maps and official documents in the custody of the Tithe Commissioners. In the area of London is included the acreage of that portion of the River Thames which is comprised within the aggregate limits of the Registration Districts of London, amounting to 2778 acres of water. This quantity is distributed amongst the parishes as shown in the Table given at pp. 30-1. The Areas marked thus (") include portions of the River Thames.

<i>Entire Parishes, &amp;c.</i>																									
* Hillingdon, including Uxbridge — (1060 Littleton)—are those assigned to the Parishes, &c., by the late Mr. Rickman, in the Enumeration Abstract for 1831; in these cases the records in the custody of the Poor Law Commissioners do not supply Major Dawson with the means of arriving at a more accurate result.																									
† Hayes, including Norwood Precinct — (4720 Littleton)—are those assigned to the Parishes, &c., by the late Mr. Rickman, in the Enumeration Abstract for 1831; in these cases the records in the custody of the Poor Law Commissioners do not supply Major Dawson with the means of arriving at a more accurate result.																									
‡ Ealing — (3814 Littleton)—are those assigned to the Parishes, &c., by the late Mr. Rickman, in the Enumeration Abstract for 1831; in these cases the records in the custody of the Poor Law Commissioners do not supply Major Dawson with the means of arriving at a more accurate result.																									

Note.—In the column headed "Parish, Township, or Place," the names printed in capital letters thus—(UXBRIDGE)—are those of Parishes or Townships containing *Towns*; the names of Cities and Boroughs are printed in the same character. The letter (w) inserted after the name of a Parish or Place denotes that a Workhouse is included in the Return. Union Workhouses under the new Poor Law have been established since the Census of 1831.

The Areas printed in Arabic figures thus—(1060 Littleton)—are those assigned to the Parishes, &c., by the late Mr. Rickman, in the Enumeration Abstract for 1831; in these cases the records in the custody of the Poor Law Commissioners do not supply Major Dawson with the means of arriving at a more accurate result.

\* The figures prefixed to the Notes refer to the numbers assigned to (1) Districts, (2) Subdistricts, and (3) Parishes or Places in the text. By the first number a reference is afforded to the *District*, by the second (following the first semicolon), to the *Subdistrict*; and by the third (following the second semicolon), to the *Parish* or *Place*; thus, 132; 1; 3 denotes District No. 132 (Staines), Subdistrict No. 1 of that District (Sunbury), and Parish No. 3 of that Subdistrict (Shepperton Parish). In the same manner numbers are used for the purposes of reference in the body of the Notes. Remarks referring to particular enumerations are preceded by the date of the Census to which they relate. Where a Parish or Place is not in the County named at the head of the page, the County to which it belongs is stated in italics.
