5. Role specific requirements e.g. Shift working

5. About the unit/department

Faculty of Wellbeing, Education and Language Studies

The Faculty of Wellbeing, Education and Language Studies has approximately 1,626 members of staff (including 1,231 Associate Lecturers), based in Milton Keynes and in regional and national offices, who support approximately 35,943 students. The majority of these are in the UK, but the Faculty also has students in the Republic of Ireland, Continental Western Europe and elsewhere in the world.

Organised as three schools, the Faculty works across a range of disciplines including education, childhood and youth, health and social care, youth work, social work, languages and applied linguistics, nursing, and sport and fitness. We have an innovative approach to teaching and learning, develop collaborative partnerships with employers and other institutions, and engage in cutting edge, action oriented and internationally recognised research.

The three schools in the Faculty are:

- School of Education, Childhood, Youth and Sport;
- School of Health, Wellbeing and Social Care
- Department of Languages and Applied Linguistics.

Further information about the Faculty can be found at <http://wels.open.ac.uk/>

The Faculty research activities are directed from the Centre for Research in Education and Educational Technology (CREET).

The School of Education, Childhood, Youth and Sport

The school currently has 7 qualification areas covering childhood and youth, youth work, sport and fitness, primary and early years – offered in the UK and beyond. Programmes range from Access modules (pre undergraduate Level 1) to Postgraduate Research. The school is composed of just over 500 Associate lecturers, nearly 14,000 students and 75 members of staff. In addition we have a long history of running international projects in, for example, Africa, India, Bangladesh and Indonesia.

Our undergraduate degrees are currently:

- BA (Hons) *Childhood and Youth Studies*;
- BA (Hons) *Early Childhood*;
- BA (Hons) *Education Studies (Primary)*;
- BSc (Hons) *Sport, Fitness and Coaching and*
- BA (Hons) *Youth Work*.

Our postgraduate degrees are currently:

- Masters degree in *Education*
- MA in *Childhood and Youth*

Members of the School are part of Education Futures Research Cluster or the Childhood, Youth and Sport Research Cluster, both of which have a strong record in research income generation.

Members of the School are academic advisors on a number of Television and Radio productions including the BBC programmes *Child of Our Time* and *Bringing up Britain* and Channel 4's [Chasing Perfection](#) and have been responsible for the related information available on Open Learn www.open.edu/openlearn.

The sport and fitness team have two high profile free online Badged Open Courses attracting c.4,000 enrolments annually:

- Exploring sport coaching and psychology

- Communication and working relationships in sport and fitness

The Sport, Fitness and Coaching Programme

Two members of staff joined the University in 2006 to establish this new subject area from scratch. Now, it is anticipated that in 2018 some 2700 students will be studying across seven modules in the degree programme supported by 9 academic staff and around 100 part-time Associate Lecturers across the UK. This vibrant and growing programme has now firmly established itself.

The post holder should be active in sport and fitness working practices and be excellent in the written word. This will be an exciting opportunity for the post holder to develop their Higher Education career and their skills in distance learning. The post involves close team working with colleagues in developing compelling material for modules and for wider public engagement online (e.g. The Conversation, online interactive apps, Badged Open Courses).

Future plans will involve investigating the viability of a coaching-related Masters programme and possible longer term opportunities in degree Apprenticeships. We are also developing more interactive (e.g., wearable technology) resources and augmented reality for students to engage in the learning process.
