OPEN UNIVERSITY STUDENTS ASSOCIATION

Central Executive Committee (C E C)
3 – 5 July 2015

QUALITY ASSURANCE AGENCY (Q A A) REVIEW

The C E C is asked to:

i) comment on the draft submission (appendix).

Since the last C E C meeting work has continued on preparing the student submission for the Q A A review later this year.

This has included further meetings of the project group established for this purpose and a survey to gather student views and opinions on certain areas.

The appendix to this paper is a draft of the submission for the C E C to comment on. This is still in a fairly early stage and most sections will be expanded on - especially to include more evidence.

Feedback and suggestions are welcome on any aspect of this document but it would be especially useful to have some comments on:

- accuracy of content - any errors or significant omissions?
- general direction and balance - is it a fair reflection?
- what we would like the outcome to be - recommendations?

Once a final version of this is ready, it is intended that the C E C will be asked to approve it online as the deadline for submission is before our next meeting.
