Hi everyone!

You, OU students, are at the heart of the Open University and here at the Students Association one of the key things we do is to make sure your voice is heard. With around 170 000 members, that's a lot of voices! But we are listening.

Through our network of student representatives (from our team of Central Representatives, to our Central Executive Committee, to our brand new Learning Experience Reporters) we are constantly seeking student views to take back to meetings, committees, workshops and projects with University staff.

Could you be part of the team sharing OU student opinion? We've got some really exciting new opportunities to tell you about today and we hope your voice will be joining hundreds of others very soon!

All the best,
The OU Students Association Team

Like to be involved but don't have much time? Become a Learning Experience Reporter...

You’ll be the eyes and ears of the Association, chatting in online forums, on social media, at tutorials, and everywhere students are. You’ll be responsible for picking up on academic and study related issues, feeding these back into formal communication
a place for you and we would love to hear from you!

We are looking for new voices and new insights, so please get in touch. You can apply to be a Learning Experience Reporter here, and find out more at http://oustudents.com/LER16.

Have you ever volunteered with the Students Association?

We are looking for Students who are passionate about volunteering to join us online to talk about how we recognise our wonderful volunteers. We would love to hear your ideas so if you are interested, find out more here.

It may have been a stint on the Radio show, a day at a Graduation ceremony, a Saturday spent organising a meet up. If that's you, get in touch. You could be part of this exciting new project.

Passionate about your subject? Keen to visit campus?

Well now's your chance with the University's brand new Faculty Assembly meetings. We're still looking for students to come along to campus on the following dates:

- Faculty of Business and Law (FBL): Wednesday 26 October
- Science, Technology, Engineering and Mathematics (STEM): Thursday 3 November
- Wellbeing, Education and Language Studies (WELS): Tuesday 8 November

It should be a wonderful chance to find out more about the inner workings of the University. To learn more, and apply click here.

OU student meet-ups this month...

We are updating our events page all the time so keep checking back for more meet-ups!

If you’re planning a new meet-up or have a regular coffee morning or meet-up in the pub let us know at Student-Community@open.ac.uk and we can help you promote it.
