International Health Worker Migration and Recruitment

Global Governance, Politics and Policy

Nicola Yeates, The Open University, UK. and **Jane Pillinger**,
The Open University, UK.

Series: Routledge Studies in Governance and Public Policy

The book is the first comprehensive study of international health worker-migration and-recruitment from the perspective of global governance, policy and politics. Covering seventy years of history of the development of this global policy field, this book presents new and previously unpublished data, based on primary research, to reveal for the first time that international health worker-migration-and-recruitment have been major concerns of global policy-making going back to the foundations of post-war international cooperation.
