				🕒	🕒	🕒	🕒	🕒
				🕒	🕒	🕒	🕒	🕒
				🕒	🕒	🕒	🕒	🕒
				🕒	🕒	🕒	🕒	🕒

How to use this resource

- Break your module into meaningful chunks, e.g. key concepts that you want students to learn, units of time, or thematic blocks. Write headings for these in the left-hand column.
- Make a note of what learning outcomes and skills will be taught or developed through the activities.
- Consider what students will do to demonstrate their learning. Note your ideas in the assessment column.
- Begin to sketch out the activities you might use to teach each of these concepts (turn over if you need more space). Describe what you will ask students to do and make a quick note of any tools or resources you might use and approximate timings.
