

Preparing for Stage 2 of the Green Gown Awards application

Congratulations for making it this far!

Check what's required

Double check the deadlines for the form and for the resources that you need to submit separately for Stage 2. As a team we were able to cover each other when people were on annual leave.

Keep going!

If you receive judges' comments then ensure you respond to them in the final application.

Be creative

Set aside time to make a short film, graphic or logo to accompany your award application.

Don't forget the VC's quote

Ask your VC to provide a quote, which will be used if you win!
