STUDENT TIMETABLES

You will receive a student timetable during each part of study

Timetables illustrate what weeks and how many hours you will

- Work in your base
- Complete in your placement area
- Be entitled to take time off to study

Timetables must be shared with line managers and annual leave must be agreed.

Annual leave must only be scheduled when you are timetabled on your base ward. Study leave is for your study (during these weeks you may be called into the OU for face to face sessions) and practice weeks are exclusively earmarked for placements.
