Theme 1 (Part A): The Components of An Apprenticeship

The following proposals will govern the core aspects of apprenticeships.

Proposal 1: Apprenticeships will be defined as a system of learning, irrespective of branding.

Proposal 2: An apprenticeship will be for a new employee or in the case of an existing employee, a new job role.

Proposal 3: An apprenticeship will commence at professional and technical Level 3 or higher.

Proposal 4: An apprenticeship will be for a minimum duration of two years.

Proposal 5: An apprenticeship will involve a breadth of training beyond the specific needs of a particular job through on and off-the-job training.

Proposal 6: An apprenticeship will be designed to enable individuals to progress into higher professional or technical training or onto a higher academic pathway.

Proposal 7: Government will recognise an apprenticeship when it contains each of the components set out in Proposals 2-6.

Question 1: Do you agree that apprenticeships should be defined as a system of learning, irrespective of branding?

Question 2: Should apprenticeships be for a new employee or, in the case of an existing employee, a new job role?

Question 3: Do you agree that the apprenticeship system should commence at Level 3, and above?

Question 4: Do you agree that the minimum duration for apprenticeships should be two years?

Question 5: Should apprenticeships involve a breath of training beyond the job role?

Question 6: Should apprenticeships facilitate progression into professional or technical training or onto a higher academic pathway? How can the outcome of apprenticeships support this?

Question 7: Should Government only recognise an apprenticeship when it contains each of the components set out in Proposals 2-6?

Theme 1 (Part A) General Comment: Please provide any additional comments on the seven proposed components of apprenticeships outlined under proposals 1 - 7. Are there components that you believe are unnecessary or, are there additional components which should be considered?

Theme 1 (Part B): Underpinning Elements of Apprenticeships

To support the apprenticeships system, a range of proposals are set out below.

Proposal 8: Apprenticeships will have a single award/qualification for each occupation at each level.

Proposal 9: Apprenticeships will be open to everyone irrespective of age, but with the primary focus on young people aged 16-24.

Proposal 10: Apprenticeships will support progression beyond the initial apprenticeship through a variety of pathways including to higher level apprenticeships and to further and higher education.

Proposal 11: Apprenticeship awards/qualifications will facilitate portability within a sector and mobility within the wider economy.

Proposal 12: Measures will be put in place to support individuals to make the transition into apprenticeships at Level 3.

Proposal 13: Apprenticeships will utilise fully international opportunities for placements and exchanges.

Question 8: Do you agree that there should be a single award/qualification to denote the outcome of an apprenticeship for each occupation at each level?

Question 9: Should apprenticeships be available for all ages? If apprenticeships are open to all ages, how can Government best ensure that young people are not crowded out of apprenticeship provision?

Question 10: How can Government best support progression beyond the initial apprenticeship through a variety of pathways including to further and higher education?

Question 11: How might Government best secure the portability of apprenticeships within a sector and the wider economy?

Question 12: How can Government best support learners who have not acquired the pre-requisite level of qualifications to access apprenticeships?

Question 13: How might the apprenticeship programme best support opportunities for international exchanges and placements?

Theme 1 (Part B) General Comment: Please provide any additional comments on the underpinning elements outlined under proposals 8 - 13. Are there other underpinning elements that Government should consider?

Theme 2: Increasing Participation

The following proposals seek to facilitate increased participation from employers and apprentices:

Proposal 15: The central service will provide advice and guidance for employers and potential apprentices on the range of support and training available.

Proposal 16: An online service will be introduced to advertise apprenticeship vacancies across all sectors.

Proposal 17: Applications for apprenticeship places will be supported via a UCAS (as used for entrance to University) style portal, to inform young people of the range of opportunities available.

Proposal 18: Apprenticeships will be offered in a wide range of professional and technical occupations, reflecting the needs of the Northern Ireland economy.

Proposal 19: Apprenticeships will be expanded to include professional and technical occupations within the public sector.

Proposal 20: A range of incentives will be considered to support employers, particularly SMEs and micro-businesses, to participate in apprenticeships.

Proposal 21: The Careers Service will provide impartial pre-entry advice to all young people considering the apprenticeship pathway.

Proposal 22: The Careers Service will intervene at key transition points for young people to provide impartial advice and guidance.

Proposal 27: Employers and industry specialists, in partnership with other key stakeholders, will inform the content, duration and assessment of each apprenticeship, including test(s) at the end of the training.

Proposal 28: The content, duration and assessment of each apprenticeship will be subject to rigorous assurance by inspectors who have up-to-date experience in professional and technical areas, supported by industry experts to ensure each apprenticeship meets the needs of employers and apprentices.

Proposal 29: To support the quality of teaching and learning, criteria will be set for all teaching staff which will establish minimum qualification requirements in the subject area and related pedagogy, as well as significant and up-to-date experience in industry.

Proposal 30: There will be a requirement that all involved in the delivery of off-the-job training will undertake professional training in pedagogy.

Proposal 31: Stringent conditions will be established for continuous professional development to ensure that those delivering training remain expert in their field.

Proposal 32: Only those providers who meet the minimum quality standards as determined by the Department will be funded to deliver apprenticeship training.

Question 26: Do you agree with the following as indicators of the apprenticeship programme's success: quality, achievement and progression? Are there other criteria that should be considered in the monitoring of apprenticeship provision?
