Recognition of Prior Learning Factsheet

**CYBER SECURITY GRADUATE APPRENTICESHIP (R33)**

If you have prior learning completed at the same academic level as OU modules, we may be able to award you credit exemption towards an OU apprenticeship programme: this could reduce the number of OU modules you have to study to complete your apprenticeship programme. You need to decide which apprenticeship programme you wish to study for with us before you can apply for recognition of prior learning (RPL).

**There are two types of RPL offered:**
RPCL – Recognition of prior certificated learning (credit transfer)
RPEL – Recognition of prior experiential learning

This factsheet tells you about RPCL (credit transfer) and RPEL into this particular OU programme.

**Please note that:**
- We can only confirm how much credit you can be awarded once you have made a formal application which has been considered by an OU assessor.
- Your prior learning must be at the same academic level. For RPCL (credit transfer), your prior learning must carry at least as many credits, as the OU study from which you are to be exempted. More details about CATS points and levels can be found on our website at [www.open.ac.uk/credit-transfer](http://www.open.ac.uk/credit-transfer).
- We will award you as much credit as possible, but the amount of credit you can be awarded depends on several factors (such as the number of credits you have already achieved and how closely your prior learning matches the learning outcomes of the OU modules and the criteria of the apprenticeship standard).
- Confirmation of the duration of the apprenticeship programme following an award of RPL will be subject to a discussion with your Apprenticeship Programme Delivery Manager who will advise on the potential impact of RPL.

**RPL towards the Cyber Security Graduate Apprenticeship (Programme Code: R33)**

**Maximum RPL available towards this qualification**
The maximum number of credits that can be awarded towards this programme are shown in the table below. The actual number of credits that you are awarded will be determined when your application for RPCL (credit transfer) and/or RPEL has been assessed and may be less than the maximum shown below. Towards this programme, credit is awarded in multiples of 60 credits. Credit for RPL cannot be awarded against the final stage of the programme and the end point assessment for the apprenticeship programme.

| Total number of credits required for this qualification | 480 credits |
### Maximum RPL total
240 credits

### Maximum RPCL (credit transfer)
240 credits

### Maximum RPEL (against module TMXY112)
30 credits

### Minimum number of OU credits to be completed if awarded the maximum RPL total
240 credits

---

**Age of prior learning**
For this programme we can consider the following:

- **RPCL (credit transfer)** - prior learning completed up to 16 years ago
- **RPEL** – prior learning/experience up to 16 years ago.

We will calculate the age of your prior learning using the date we receive your completed application with all required supporting evidence.

**Prior learning for which you could be awarded RPCL (credit transfer)**
You can apply for RPCL (credit transfer) towards this OU programme if you have any of the eligible prior learning shown on our website [www.open.ac.uk/credit-transfer](http://www.open.ac.uk/credit-transfer). When we assess your application, we will look at how similar your prior learning is to the OU modules in this programme.

How much credit you are awarded is likely to depend in part on how closely the subjects of your prior learning match the learning outcomes of the OU modules and the criteria of the apprenticeship standard. If your prior learning is in an unrelated subject area, we will not be able to award you RPCL (credit transfer) towards this programme. To read about the subjects covered in this programme visit the [programme description](http://www.open.ac.uk/credit-transfer).

**What do I need to provide with my application?**
Every application for RPCL (credit transfer) must be supported by official evidence, usually in the form of an academic transcript and/or a certificate. Please see the application form for more information about the evidence you will need to provide.

You will also need to provide syllabus information/learning outcomes so that the academic expert can map how closely your prior learning matches that of the OU modules in the programme. Your academic transcript will provide a list of the modules or units you have completed, but syllabus information provides a detailed description of the content of each of those modules, often about a paragraph per module/unit. If you do not provide syllabus information, we will be unable to assess your application.

**Prior learning for which you could be awarded RPEL**
You can apply for RPEL against the module TMXY112 within this programme if through your professional experience you can demonstrate learning against the learning outcomes and Knowledge, Skills and Behaviour requirements (KSBs) of the apprenticeship Standard relevant to this module. Prior experiential learning will be assessed through the completion...
of a module self-assessment tool, online knowledge and skills quiz and for students who pass the self-assessment tool and online quiz, submission of an RPEL application form that demonstrates learning against the Apprenticeship standard and module learning outcomes.

For more information about RPEL against module TMXY112 please speak to your Apprenticeship Programme Delivery Manager.

**How to apply?**
To apply for RPCL (credit transfer) you will need to download the Credit Transfer (RPCL) form from the Apprenticeship Application Portal, complete it, sign it, and upload it with your official evidence as outlined above.

To apply for RPEL, please speak to your Apprenticeship Programme Delivery Manager who will provide the relevant information to start the application process.

**Unique study**

For each OU programme, you must include an amount of OU study that is unique to that particular programme (credit from study completed at the OU which has not previously been counted towards another OU programme). Full details are given in the Regulations section of the programme description.

**Further information**

You should read this RPL factsheet in conjunction with the programme description which contains the regulations specific to this OU programme and gives information on the structure of your chosen OU programme.

If you require a version of these notes in an alternative format, such as large print, please contact us credit-transfer@open.ac.uk

This factsheet has been prepared by the Credit Transfer Centre, The Open University, PO Box 80, Milton Keynes, MK7 6AS

If you would like to discuss your application for RPL please contact your Apprenticeship Programme Delivery Manager. Please note that they will be unable to advise you how much you could be awarded before your application has been formally assessed.
